

**WSP – FIRE PROTECTION BUREAU
Fire Standards, Accreditation & Certification**

INSTRUCTOR II – STUDY GUIDE

Referenced to:

“IFSTA Fire and Emergency Services INSTRUCTOR”, 6th edition

Chapter 1:

1. List some creative methods of meeting goals and maintaining training programs in times of revenue reductions. P. 18, NFPA 3-2.3

Chapter 2:

2. What is the Instructor’s role with regard to safety? P. 24-25, NFPA 3-4.3.
3. What is the first step in developing a safe training program? P. 25, NFPA 3-4.3.
4. What are the three human factors that contribute to accidents?
P. 26-27, NFPA 3-4.3.
5. What is the purpose of analyzing accidents? P. 29, NFPA 3-4.3.
6. Why is it important for instructors to know about federal and state safety regulations? P. 30-31, NFPA 3-4.3.
7. What does ASTM stand for? What do they do? P. 32, NFPA 3-4.3.

Chapter 3:

8. Define legislative law, administrative law, judiciary law and give examples of each.
P. 37, NFPA 3-4.3.
9. Why does a fire instructor need to analyze risk associated with high hazard training activities? P. 44, NFPA 3-4.3.
10. What are the precautions an instructor needs to take to minimize the chances of becoming involved in a liability case? P. 45, NFPA 3-4.3.
11. What is “foreseeability” P. 44, NFPA 3-4.3.
12. What criteria should organizations have in place to reduce potential lawsuits?
P. 45-46, NFPA 3-4.3.
13. How can you avoid copyright infringement, P. 49-50, NFPA 3-3.2.
14. What does ADA stand for? What does it mean? P. 38-39, NFPA 3-5.3.

Chapter 4:

15. What is the “psychomotor” domain of learning? P. 58, NFPA 3-2.2.

16. List and describe the different learning styles. P. 59-61, NFPA 3-2.2.
17. Describe Maslow's Hierarchy of Needs – what are the types of needs and how are the needs satisfied? P. 65, NFPA 3-2.2.
18. List the 3 domains of learning? Do they need to be interrelated? Why? P. 55, NFPA 3-3.2.
19. What is the Herzberg's theory of job enhancement? P. 66-67, NFPA 3-4.2.
20. List the principles of the Laws of Learning. P. 74, NFPA 3-4.2.

Chapter 5:

21. List the steps in the 5 step planning process. What is contained in each step? P. 93, NFPA 3-2.3.
22. As a training manager you will be expected to evaluate other instructors. What should you take into consideration when evaluating instructor performance? P. 99, NFPA 3-2.6.
22. Define the terms: objective, goal. P. 102-103, NFPA 3-3.2.
23. What does a "standard" describe? P. 95, NFPA 3-3.2.
24. How does a needs analysis assist you in developing a training program? P. 101, NFPA 3-2.3.
25. What are the 6 levels of learning? What are the corresponding verbs for each level? P. 96-97, NFPA 3-4.2.
26. Define the terms: criteria, conditions, behavior or performance. P. 103, NFPA 3-3.2.
27. List the correct order of steps in writing behavioral objectives. P. 102-103, NFPA 3-3.2.
28. List the 3 components of a behavioral objective, P. 102-103, NFPA 3-3.2.
29. How must behavior objectives be stated? P. 103, NFPA 3-3.2.
30. Define the terms: task, job. P. 104, NFPA 3-3.2.
31. List the parts of a task analysis (sometimes called occupational analysis or job analysis) P. 104, NFPA 3-3.2.
32. How do instructors determine the training needs in areas of knowledge, skills or attitudes? P. 93-94, NFPA 3-3.2.
33. What do you use a 'needs analysis' for? P. 100, NFPA 3-3.2.
34. How do you evaluate a 'pilot program'? P. 102, NFPA 3-5.3.

Chapter 6:

35. Why is a time frame for training important to the instructor?
How can the time frame affect the budget? P. 119-120, NFPA 3-2.2.
36. List the steps in creating a lesson plan. P. 122, NFPA 3-4.2.
37. What is the 'summary of a lesson' used for? Why does an instructor summarize?
P. 122, NFPA 3-4.2.
38. What are job breakdown sheets used for? P. 126-127, NFPA 3-3.2.
39. List the components of a lesson plan. List the steps in developing a lesson plan?
Why are lesson plans important? P. 118, NFPA 3-3.2.
40. Define the terms: operations, key points (when referring to a job breakdown sheet)
P. 119, 126-127, NFPA 3-3.2.
41. What are "information sheets"? P. 125-126, NFPA 3-3.2.
42. List the 4 steps of the instructional process. Why is each step important?
P. 118, NFPA 3-3.2.
43. List the steps necessary to modify a lesson plan. P. 124-125, NFPA 3-3.3.
44. What are information sheets, activity sheets, job breakdown sheets, study sheets and
why is each one used? P. 125-128, NFPA 3-3.2.

Chapter 7:

45. What is the importance of behavior management? How would you handle a
disruptive student? P. 132, NFPA 3-2.6.
46. Why is the learner's signature important when requiring that procedures, policies or
departmental rules are to be followed? P. 133, NFPA 3-2.5.
47. Explain the documentation required when documenting an employee counseling
session. P. 140, NFPA 3-2.2.
48. Describe the different methods of instructional delivery (lecture, discussion,
illustration, demonstration, team teaching, mentoring, alternative methods)
P. 162-170, NFPA 3-2.6.
49. What are the guidelines for using illustrative aids such as mock-ups?
P. 166, NFPA 3-3.2.
50. What is the importance of safety when performing a skill?
P. 166, NFPA 3-3.2.
51. What is the learner to instructor ratio for live fire training scenarios? Why is it
important to know? Where does the requirement come from? NFPA, WAC?
P. 172, NFPA 3-4.3.

52. Define the coaching process. What is an instructor expected to do while coaching?
P. 136, NFPA 3-3.2.
53. What should a last minute replacement instructor do? P. 142-143, NFPA 3-3.3.
54. Describe the following question types: Rhetorical, direct, overhead, relay, re-directed. P. 161-162, NFPA 3-3.3.
55. How do you ensure safe behavior during training sessions?
P. 152-153, NFPA 3-4.3.
56. What constitutes high hazard training? P. 171, NFPA 3-4.3.

Chapter 8:

57. What problems are posed when live fire exercises are conducted in temporary settings such as an acquired structure?
What should instructors do to ensure adequate water supply? P. 177, NFPA 3-4.3.
58. What is the Incident Management System – What role can it play when running practical exercises that involve multiple teams of fire or emergency service responders? P. 180, NFPA 3-4.3.
59. What issues are raised when using petroleum/hydrocarbon fuel pit fires?
P. 183, NFPA 3-4.3.
60. What safety issues should be considered when conducting wild land fire training?
P. 183, NFPA 3-4.3.
61. When are the safety considerations when conducting rescue evolutions inside tanks or other confined spaces regarding access and egress? P.185, NFPA 3-4.3.

Chapter 9:

62. What are the types of written examinations?
What is considered the most versatile of the objective tests? P. 203, NFPA 3-5.2.
63. What does the term ‘comprehensive test’ mean? P. 192, NFPA 3-5.2.
64. When are oral tests given? P. 192, NFPA 3-5.2.
65. What should be considered when constructing a performance test?
P. 200-201, NFPA 3-5.2.
66. What is a prescriptive test? P. 191, NFPA 3-5.2.
67. What is a subjective test? P. 193, NFPA 3-5.2.
68. What is an objective test? P. 208, NFPA 3-5.2.
69. What type of test minimizes the possibility of guessing? P. 208, NFPA 3-5.2.
70. What type of test eliminates guessing if properly constructed? P. 208, NFPA 3-5.2.

71. What are the advantages and disadvantages of a multiple choice test? True/False test? Matching test? P. 205, NFPA 3-5.2.
72. What is a 'progress' test? P. 192, NFPA 3-5.2.
73. Define the term 'distracter'. P. 203, NFPA 3-5.2.
74. What is a 'performance test'? P. 193, 200, NFPA 3-5.2.
75. Define validity and reliability. P. 199, NFPA 3-5.2.
76. What is a valid test? A reliable test? P. 199, NFPA 3-5.2.
77. What is a 'discriminating' test? P. 213, NFPA 3-5.2.
78. What is the purpose of a 'course evaluation'? P. 215.
79. What can course evaluations determine? P. 217-218, NFPA 3-5.3.
80. What is a 'summative' evaluation? P. 217, NFPA 3-5.3.
81. What is a 'formative' evaluation? P. 217, NFPA 3-5.3.
82. What are the 6 essential areas to be considered when developing a thorough evaluation? P. 216-217, NFPA 3-5.3.
83. What are the 3 major components critical to measuring success in an evaluation effort? P. 215-216, NFPA 3-5.2.
84. How can an instructor use learner evaluations to improve a course? P. 217-218, NFPA 3-5.2.
85. What are test statistics? What can they be used for? P. 214, NFPA 3-5.2.

Chapter 10:

86. Define the term: simulation. P. 238-239, NFPA 3-3.2.
87. What should you consider when selecting training aids? P. 221-222, NFPA 3-3.2.
88. Define the term "multi-media". P. 236-237, NFPA 3-3.2.
89. What points should you consider when using a videotape? P. 236-237, NFPA 3-3.2.
90. What does the term LAN stand for? Intranet? Why is it important to know? P. 240-241, NFPA 3-3.2
91. Why is the Internet an important tool for instruction? P. 240-241, NFPA 3-3.2.
92. Why are security measures important when dealing with computer programs and records management? P. 242, NFPA 3-3.2.
93. What are simulators? Why do we use simulators? P. 238, NFPA 3-4.3.

Chapter 11:

94. Why is it important that “one” individual track training schedules, handle cancellations, and re-schedule training? P. 259, NFPA 3-2.2.
95. What is the purpose of evaluating instructor performance? P. 260, NFPA 3-2.6
96. What is the criteria should be defined when evaluating instructor performance? P. 260, NFPA 3-2.6.
97. What should the training budget be based on? P. 262, NFPA 3-2.4.
98. Define delivery costs, development costs, and preparation costs. P. 263, NFPA 3-2.4.
99. What method should you use to justify your training budget? P. 263, NFPA 3-2.4.
100. List the steps in training program scheduling.
Why is it important to leave some ‘open time’? P. 259, NFPA 3-3.2.
